

Personal Paintball Player Basic Tool Kit

List of personal tools every player should bring to a paintball tournament or event

Even if you have no knowledge of how to fix your marker or equipment, having the tools to do so is still a good idea.

- * Tool kit (container to hold all tools)
- * Complete Allen wrench Set (know if your set up uses standard or metric)
- * Adjustable Wrench (min 6") x 2
- * O-ring pick
- * Phillips Screw Driver (standard size)
- * Flat head Screw Driver (standard size)
- * Phillips Screw Driver (smaller size)
- * Flat head Screw Driver (smaller size)
- * Safety knife
- * Q-tip's / Cotton Swab's
- * Marker lube / Paintball gun Oil
- * Teflon Tape
- * Black Tape
- * Parts kit / Oring Kit (for your marker set up)
- * Loctite (Red)
- * Anything else you may need?

Ask any PPS Sales rep about building a Parts / O-ring kit for your marker set up!
